- 6.) the locations of any existing water wells within the boundary of the subject tracts of contiguous ownership of groundwater resources.

Confirmation of the Contiguous Tracts of Groundwater Ownership

The Calhoun County Groundwater Conservation District requires certain information to be supplied with production permit applications including information regarding the boundary and size of the related tracts of land ownership and groundwater ownership. This form may be used to confirm details regarding the spatial aspects of a permitting request by the applicant.

The map below illustrates the boundary of the subject tracts of contiguous ownership of groundwater resources (dashed line symbol) associated with permitting request ANHUPPW - Port Alto Investments as understood by the district. In addition, the map illustrates the location of any water wells registered with the district within the boundary (cross symbol).

The calculated area of the subject tracts of contiguous ownership of groundwater resources is 2.2 acres.

By my signature, I confirm that the boundary of the subject tracts of contiguous ownership of groundwater resources, the calculated acreage for the boundary, and the location of existing wells within in the boundary are accurately represented on this form.
