Meeting Discussion: Mr. Andruss explained on July 24, 2024, Mr. Pigg, Coordinator of the Texas Well Owner Network of the Texas A&M AgriLife Extension Service notified staff of an upcoming well screening program to be held for Jackson, Calhoun, and Matagorda Counties on September 23 and 24, 2024. The program will consist of AgriLife personnel accepting and processing groundwater samples collected by well owners and an informational meeting to discuss sample results with participating well owners. The samples will be screened/tested for the following constituents: coliform bacteria, E. coli bacteria, nitrates, salinity and pH. The processing fee is \$15.00 per sample.

Detection and awareness of contamination by well owners could lead to better protection of groundwater resources within Calhoun County. Wells with bacterial and nitrate contamination will likely require some treatment and possibly corrective actions to safeguard groundwater resources at and near the subject well.

If the district were to provide financial and technical support (assistance with collection and delivery of samples), staff anticipate gaining more access to wells for monitoring and inspection purposes to support the full achievement of the goals and objectives established in the management plan of the district.

Board Action: Mr. Hahn moved to pay the processing fee for up to 50 wells at a total authorized cost of \$750.00 contingent upon sponsored well owners 1) registering the well with the district, and 2) authorizing staff to inspect the subject well, measure the water level from the subject well if feasible, and measure water

the VCGCD Board has elected to terminate the existing interlocal agreement with the district (as well as the agreements with RGCD and TGCD) and offer an agreement intended to improvement of performance of VCGCD staff in providing services to the boards of the VCGCD and cooperating district by increasing VCGCD staffing to 7 full-time employees at a consolidated office for at least a 5-year period. The District has obtained services from Jim Allison of Allison, Bass and Magee, Dr. Venkatesh Uddameri as well as Steve Young of Intera, Inc. in the past. The services provided by each consultant have been considered acceptable by the District. The services provided by Dr. Venkatesh Uddameri and Steve Young of Intera, Inc. have been obtained through interlocal cooperation agreements with the VCGCD.

Mr. Dierschke seconded the motion. The motion passed unanimously.

9.5 – Budgetary Authorizations

Meeting Discussion: Mr. Andruss explained in order to efficiently administer the operations of the district, the board has granted limited authority to the general manager to spend funds on certain expenses that are referred to regular and routine expenses within the constraints of the approved budget. This authorization applies to expenses such as subscription services, lease payments and so on. Other expenses require board consideration and explicit authorization from the board to pay such as invoices from technical consultants and contractors. Regardless of the procedure under which authorization is obtained to spend funds,

all expenditure transactions (as well as revenue transactions) are presented to the board for review and oversight within the meeting packets of regular meetings.

When appropriate, the authorization to make payment on non-routine expense is obtained when the associated financial obligation is authorized by the board. This frequently occurs when the Board accepts a proposal from a technical consultant.

However, in some instances, this procedure proves to be inefficient and hinders managements ability to administer the projects of the district designed to achieve the operational objectives of the district. This circumstance frequently arises in instances where the district seeks to sponsor external activities such as proposals to promote water conservation or have a technical matter addressed by a consultant.

Board Action: Mr. Johnson moved to 1) authorized general manager to engage and pay consultants under the agreements approved by the board and 2) authorize the general manager to award sponsorships and pay the corresponding expenses in accordance with the approved operational budget of the district. Mr. Hahn seconded the motion. The motion passed unanimously.

9.6 – Amendments to Budget for FY2024

Meeting Discussion: Mr. Andruss explained based on a review of the financial transactions recorded by the district though May 31, 2024, and correction of assignment of expenses to budget programs and budget categories, the following amendments are recommended for consideration by the Board.

If approved, the budget surplus anticipated at September 30, 2024, would increase from \$93,100 to \$157,600.

Board Action: Mr. Hahn moved to approve the recommended amendments to the FY2024 Budget. Mr. Dierschke seconded the motion. The motion passed unanimously.

9.7 – Bills and Invoices
